

Disaster Planning:

Safety Checklist for Individuals with less than 24 hours support

This checklist has been developed to assist clients, families, Supports Coordinators and PCP Team members in addressing safety issues/concerns that a client may have who is living in their own home/apartment without 24 hour supports. This is not meant to be a comprehensive safety assessment. Instead it is intended to guide discussion around safety issues and help clients develop safety plans as part of the Person Centered Planning process.

Directions: Place a check in the appropriate column for each question.	Needs Help	Independent
I am prepared for the power being out and my apartment turning cold. (blankets, food, water)	<input type="radio"/>	<input type="radio"/>
