NOTE: If additional medications are required, save current page 2, and add other medication information on new page 2.

Legal Status:

**Section F – Caseworker Record** To ensure timely access, review and monitoring of the psychotropic medications, the assigned case worker must track the informed consent process. Per DHS policy, upon receipt of the DHS-1643 from the prescribing physician, the assigned worker (or other department/agency designee) must:

- For temporary court wards, obtain parental signature (consent) within 7 business days. If worker is unable to obtain parental signature in 7 business days, all efforts made to obtain parental consent **must be documented** in the Comment Section of the Consent Process below (including dates). After a diligent effort has been made for parental signature with no response, the worker must seek consent by petitioning the court on the 8<sup>th</sup> business day.
- For state wards (Act 220 or Act 296), ensure that the completed, signed DHS-1643 is returned to the prescribing clinician within 7 business days.
- For permanent court wards (Legal Status 41), the worker must seek consent by petitioning the court within 3 business days.
- For hospital settings, written consent is required in 3 business days. After a diligent effort has been made for parental signature with no response, the worker must seek consent by petitioning the court on the 4<sup>th</sup> business day.
