

MCCMH RFP QUESTIONS AND ANSWERS

BEHAVIORAL HEALTH TREATMENT / APPLIED BEHAVIOR ANALYSIS

Received September 18, 2018

1. We are completing the provider profile application for an RFP and it asks that we complete a Credential Verification Form, but I am unable to locate the form to complete. Do you know where I can find this? Or would we need to complete this after being awarded the RFP?

The staff credential verification form (that also includes background checks and training information) is an excel spreadsheet that will be need to be completed as part of the contracting process in the event a contract is awarded.

2. The provider profile application asks that forms need to be uploaded to the provider portal. Will this portal be available if we are awarded a contract?

Yes, when an entity becomes a contract provider they are granted access to the vendor portal.
