Community Leaders, Professionals to Gather for Speed Networking Event

Organizational Speed Networking (OSN) is happening Tuesday, March 13 at Macomb Intermediate School District, 44001 Garfield Rd., Room 100B, Clinton Township.

The Commonwealth Collaborative is hosting the event for Metro Detroit coalitions, cultural groups, social service organizations, health care organizations, support groups, educational and vocational groups, civic clubs and faith based and spiritual organizations.

“The event is for those in our target organizations to explore possible partnerships that bridge diverse service worlds, find resource connections that benefit the people they serve, and to find populations that need their services and activities,” said Amy Smolski, Commonwealth administrator and co-organizer of the event.

The event is about working together to help each other serve the community. Event organizers stress that the event is for those seeking networking and partnership opportunities, rather than those selling specific services.

The event is free to attend. Those interested are asked to register at eventbrite.com by March 12. Continental breakfast starts at 8:30 a.m. and the networking program starts at 9 a.m. Attendees are reminded to bring business cards, brochures and other informational materials about their organizations.

Commonwealth is a public service provided by Macomb County Community Mental Health, Oakland Community Health Network, and Detroit Wayne Mental Health Authority and maintained and updated by the Commonwealth collaborative.
