

# Labor and Human Trafficking

February 4th, 2025 1-3p

February 26th, 2025 9-11a

**PRESENTED BY: LESLIE STYER, MA, LLP, CAADC**

This presentation will focus on identifying different forms of labor and human trafficking and the traumatic experiences victims of human trafficking undergo. The psychological and physical health consequences on the mind and body will be explored.

## ***Participants will be able to:***

- Define human trafficking and the different types of trafficking.
- Identify potential victims of human trafficking in the community and in the healthcare setting.
- Identify signs of potential victims of human trafficking.
- Identify steps you can take in your role to combat human trafficking.
